

With the eBook comes the print!

**Buy your personal print copy
for only € 24,95!**

Your Library already provides you with access to Springer eBooks. Now you can order your personal printed copy of an eBook for € 24,95 including shipping & handling. Thousands of books are included in the MyCopy programme utilizing cutting edge Print on Demand (POD) technology. The exact number of MyCopy books available at your institution will correspond with the eBook purchases that the library has made, and which are POD suitable. Each MyCopy book has a colour soft cover, with all internal pages being black and white. Any illustrations that are in colour in the eBook and conventional Springer print books will always be monochrome in the corresponding MyCopy book.

Ordering a MyCopy book is easy!

Go to springerlink.com and open up the Springer eBook or eBook chapter you are interested in and watch out for the orange MyCopy button. Simply click on the orange button, add the book of your choice to the shopping cart and follow the instructions. Pay through our secure credit card service and you will receive your print copy within 8-10 business days!

**Feedback from
MyCopy customers**

► *Yes, the book did match my expectations. I certainly will buy again -the most attractive thing is the considerable savings in the price -this is simply unbelievable and not matched by any other offer from any bookseller! Please keep it up.*

► **Dr. Manika Jayawardena**, trainee radiologist, associated through University of Liverpool

► *The University of Illinois Library is pleased to offer all of its patrons the ability to purchase personal copies of the Springer eBooks instantly at an affordable price* ► **Thomas Teper**, associate university librarian for collections and associate dean of libraries, University of Illinois at Urbana-Champaign

► *This project represents a very innovative way in which to look at both publisher and library services for electronic content in the future and MyCopy is a great value-add to our site license for these ebooks* ► **Wendy Allen Shelburne**, assistant professor, acquisitions, University of Illinois at Urbana-Champaign
